

WELCOME!

We are excited to welcome you to the team.

You are joining an organization that has established an outstanding reputation for quality products and services. Credit for this goes to every one of our employees and we hope that you will find satisfaction and take pride in your work here.

We (“the Company”) have an agreement with Zamp HR, which is a Professional Employer Organization (PEO) to provide human resources outsourcing services. Zamp HR will assist us with administrative functions but will not oversee the day- to-day business operations of our company or our employees. They will provide administrative expertise in employee benefits, 401k plans, workers’ compensation, employer compliance, payroll processing, payroll tax administration, HR policies and practices, personnel records, unemployment, and more.

The leadership and management team of the Company will continue to manage the operations of the business including specific day-to-day duties of its employees, activities, hiring, firing, disciplining, and other decision-making operations.

Having Zamp HR manage and maintain these services allows our company to focus on our own business needs and objectives.

If you have any work-related issues, or concerns, or have questions about your employment in general, we ask that you contact your direct manager first, then contact the Company’s Human Resources Manager or any member of the SR. leadership team. If you feel you are not receiving answers to your questions or concerns, you may also reach out to Zamp HR for assistance.

Again, welcome to the team.

Zamp HR

Main Phone Number: 801-377-1190

HR Department Email:
